|---|---|---|

Original Notes from Mark:

I have been asked many times for my Chili recipe but, have kept the secrete of this old formula hidden for fear of driving the coast of can beans ski high.

Recipe is for five quart crock pot.

Open six ot eight cans of assorted beans. Drain and rinse. For maximum flagilince do not drain beans.

Add one large can of crushed tomatoes. If whole tomatoes are used,

a, place them under vehicle tires,

b, run over them repeatedly until they are the consistency of theones you could have gotten out of a can

c, scrape off road or dump can into large crock pot.

Grill one pound of ground meat, marinated in soy or teriyaki. Use ground sirloin for good taste, ground round for great taste, or use the really cheep fatty shit for the most fabulas tasting stuff your goanna eat.

Add to pot. Grease and all. Its chili?

Dice very small, two Jahlo peonies, add to pot. For more spice, add a smidgeon of fresh ground habanera pepper.

Sniff pepper to make sure it is fresh.

Add one pint of honey. If it is too spicy just add more honey. It won't make it any less hot but it makes it go down easier.

Dice one onion add to pot.

Let it gestate for three hours on low temperature.

Take and serve to buddies at card game. Don't forget to bring beer!

If you put cheese on it you are queer.

Swedish Chocolate Balls

AllRecipes.com — May 2015

2 Hours, 20 Minutes; 24 Servings

- | | | |
|---|--|--|
| 1 | 1 Cup Butter, Softened
4 Cups Regular Rolled Oats
1 1/4 Cups White Sugar
1/2 Cup Unsweetened Cocoa Powder | Mix the oats, sugar, and cocoa together in a bowl. Add the butter, and use your hands to mix the ingredients together to make a thick dough. |
| 2 | 2 Squares (1 Oz) Unsweetened Baking Chocolate, Melted
2 Tbsp Strong Coffee
1 Tsp Vanilla Extract | Mix in the coffee, vanilla, and chocolate until thoroughly blended. |
| 3 | 1/3 Cup Coconut Flakes | Place the coconut flakes in a small bowl. Pinch off small amounts of dough and roll between your hands to make small balls, about 1 1/2 inches in diameter. Roll the balls in the coconut flakes. Balls should be refrigerated 2 hours to become firmer. |

Note: The oats can be processed in a food processor to vary the texture of the final ball. However, this will introduce sharp edges onto the oats which makes mixing by hand more difficult (i.e., painful).
